**Subject:** RE: Heads up

Also:

- ORD is also a principal partner (along with OPP, OCSP and OPPT) in the TSCA NAM Team (TNT), an advisory group established to implement OPPT's *Strategic Plan to Promote the Development and Implementation of Alternative Test Methods within the TSCA Program*.
- We could add any number of things to the 'Outreach' part of the Strategic Plan to include education and/or input [two-way contributions] from other EPA Offices to 'amplify' implementation.

What are or can other EPA Office, beyond OCSP, do to expand the development and use of non-animal alternative testing methods?
